Freelancer Web Developer

## ABOUT ME

In my current role as a Junior Web Developer freelancer, I have developed web-based applications for backend developer positions. By relying on solid programming knowledge as well as excellent oral and verbal communication, I have consistently produced great code. I carry my Bachelor's degree in Information Technology along with regular updates and certifications. My ability to produce code is excellent and to communicate and collaborate well. I have two years of Junior Web Developer freelancer experience and am committed to staying up-to-date with all technological advancements
